

COLLEGE OF DENTAL HYGIENISTS OF ONTARIO

Jurisprudence

Please note that there are no Jurisprudence presentations scheduled. It is anticipated that the proposed amendments to the registration regulations will be passed early in 2010. Once these regulations are passed, it will be a registration requirement to successfully complete an approved jurisprudence course. An on-line jurisprudence course will be available in the Spring of 2010.

If you do not wish to wait for the on-line course, you have the option of successfully completing an approved individualized jurisprudence course at your own cost. The cost is determined between you and the educator. The course can usually be done either by e-mail or by phone. If you would like the names of educators approved to conduct this course, please e-mail Vivian Ford at vford@cdho.org.
